How many professors does it take to change a light bulb?

Building a Runway

General Education Core Committee Structure

Campus Team Composition

Building Trust – The Concrete Foundation

How do you/how long does it take to build trust with…

…one person?

…a small group?

…a whole campus?

…a whole system?

VALUES

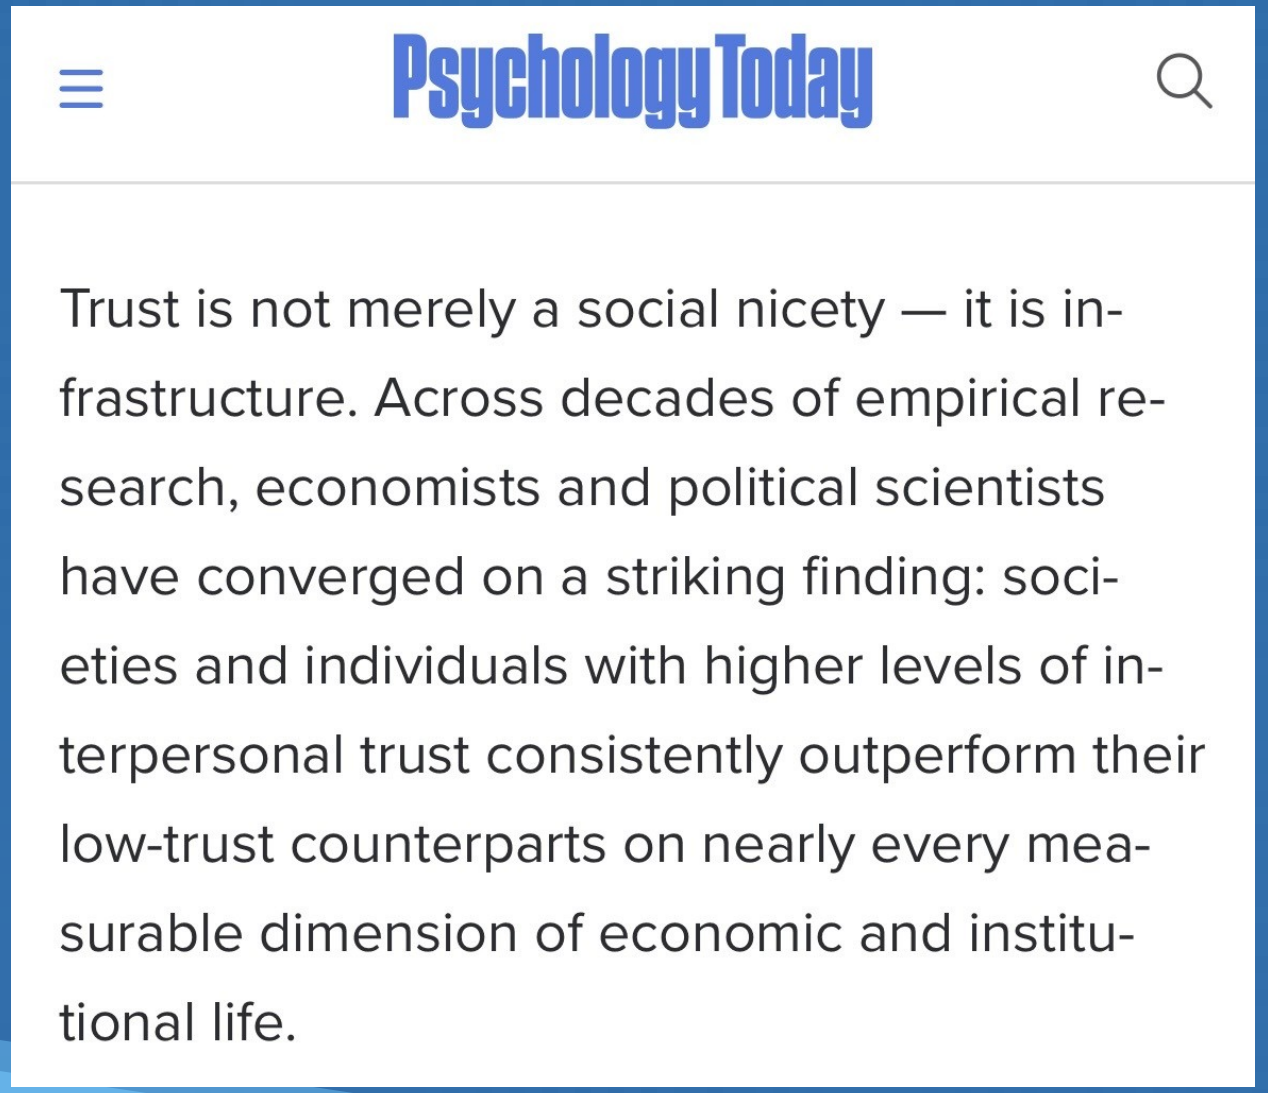

Knowledge – We support holistic and purposeful teaching and learning that inspires students to pursue personal and professional growth. We promote relevant courses and programs that align with students' career and educational goals.

Innovation – We believe in the endless possibilities of our team and partners to have collective impact.

Trust – We value and respect the expertise and commitment of each member of our team. We believe open and honest communication builds effective collaboration within our team and among external partners, promoting mutual trust and progress toward student success.

Excellence – We integrate relevant best practices, research, and feedback from our team and partners through a process of continuous improvement that promotes academic achievement.
