value ACADEMY OF PROFESSIONAL DEVELOPMENT

value@aacu.org

The signature offering of the VALUE Academy of Professional Development.

~~**$499 for members**~~
~~**$750 for non-members**~~

INTRODUCTORY DISCOUNT
$350 for members
$599 non-members
(prices are per rubric)

Authentic

Score student work with AAC&U's VALUE rubrics, which represent an authentic approach to evaluating learning outcomes that leverages the work students already complete as part of the curriculum to inform assessment, decision-making, and pedagogical innovation.

Virtual & Asynchronous

Online modules completed at your own pace.

- Takes ~4-6 hours total to complete.
- Incorporates actual pieces of student work for scoring practice.
- Leverages a "train the trainer" model to promote institutional capacity-building.
- **Offers the option to become "certified" and eligible to score for the VALUE Scoring Collaborative.**

Member scorers can make back their investment quickly.

Comprehensive

Calibration training is four lessons:

- **Lessons 1 and 2** include foundational content on the VALUE approach to authentic assessment;
- **Lesson 3** focuses on the specifics of your selected rubric, including its criteria and application; and
- **Lesson 4** offers key takeaways from training as well as next steps if you want to become a certified scorer.
