

***What does fully vaccinated mean?***

According to the [CDC definition](#), fully vaccinated persons are those who are 2 weeks+ past their second dose of an FDA authorized 2-dose series, such as the Pfizer or Moderna vaccines, or after the FDA authorized single dose vaccine, Johnson & Johnson.

***In order to attend the 2022 Annual Meeting, you must have received your final dose by January 5, 2022***

***Does fully vaccinated require a booster?***

**NO**; since the booster is not currently available to everyone who is fully vaccinated, this is not a requirement. This is subject to change, prior to January 2022, if the CDC changes their definition of fully vaccinated.

***If I was vaccinated overseas, is that accepted?***

**YES**; we will verify any overseas vaccine approved by the [World Health Organization](#).

***Who is exempt from the requirement to be vaccinated?***

There are no exemptions. Anyone not vaccinated against COVID-19, or unable to provide proof of vaccination, is invited to participate virtually.

***What information does my card need to have?***

In order to approve your vaccine record upload, you will be asked to provide the following information:

***Name, Date of Birth, Vaccine Brand, Vaccine lot number, Date Vaccine was administered, and who or where the vaccine was given.***

***Will you provide onsite testing?***

**NO**; However, you will receive a daily health survey on your mobile phone, asking you some health screening questions.

***What if someone tests positive after the Annual Meeting ends?***

*We will send an email to all attendees alerting them of this situation as soon as we become aware of it.*

***Who is the company collecting my vaccine information?***

[InHouse Physicians \(IHP\)](#) was created in 1992 for the corporate meeting industry.

***Is InHouse Physicians HIPAA compliant?***

**YES**; see their privacy notice [HERE](#)

***How long does it take to receive vaccine verification?***

The verification process can take up to 24 hours. To avoid any delay in attendance, please upload your vaccination information by January 17, 2022.

***Why do they need my date of birth?***

It is information that is on your vaccine card and a way to confirm it is you.

***Why do they need my mobile phone number?***

Use the phone number you will have onsite at the Annual Meeting in order to readily show AAC&U on your mobile phone the green check you will receive for vaccine verification and for the daily health questionnaire.

***Will AAC&U see any of my information provided?***

**SOME;** InHouse Physicians will share the names of people who have submitted vaccination documentation, in order to cross reference with Annual Meeting registrants.

AAC&U does not see any of the information uploaded for verification, such as date of birth, type of vaccine or location. Onsite, you will be asked to show the green “check” received on your mobile phone, indicating the vaccination was verified.

***What happens with the information I provide?***

InHouse Physicians stores the information for three (3) months and then destroys the information.

***If I have registered for the meeting but don't receive approved verification – can I receive a refund?***

**YES;** you will have the option for a full refund (minus \$125 cancellation fee) OR you can convert your registration to the virtual conference.
